
Log Book

M A S T E R Y™

Portland, OR

Hours of service regulations can be a challenge, even to the veteran. Logbook violations are among the easiest violations for an auditor to discover during a safety review. Fail in this area and the best you can get is “Conditional.” This all-day workshop will help you master:

- THE HOURS OF SERVICE RULES will be a focus of any compliance review or defense in the case of litigation. You will learn:
- All the 11-, 14-hr, 60/7, & 70/8 rules
 - Washington & Oregon *intra*- and *inter*-state rules differences
 - Federal inter/intrastate 7/7 day ruling
 - Split-sleeper & combined off-duty options
 - How to check for falsified logs
 - How your hours-of-service performance will play out under the ‘Unfit Motor Carrier’ rule
 - Effective progressive discipline programs
 - What to do with logs following an accident
 - Plus how to apply the “short-haul” exemption and prepare for an audit.

Learn the rules and how to apply them to your hours-of-service program.

Tuition: \$199 Includes all workshop materials and catered lunch. Register online www.standardandbest.com/workshopregistration.html Alumni attend for \$50.
